The following errors unfortunately occurred in this article.

The titles of Table 2 and Table 3 should be as follows:

Table 2 Effect of fixation conditions on HER2 immunohistochemistry (IHC) score in human gastric cancer xenografted tumors

Table 3 Effect of fixation conditions on the detailed histological assessment of HER2 IHC staining in human gastric cancer xenografted tumors

In addition, there is an error in Table 5. Under the column heading “Fixatives”, the first column subheading should read “10 % neutral buffered formalin (NBF)”.
